DETAILED ACTION

Election/Restrictions

1. This application contains claims 8-12, 19, 24, 33-41, 86-89, 95-99 and 124-128 are drawn to an invention nonelected with traverse in the paper filed on 02/19/2002. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-6, 13-16, 20-23, 24-32, 81-85, 90-94, 100-123 and 146-151 are rejected under 35 U.S.C. 102(b) as being anticipated by Kojima et al. Kojima et al discloses a transparent substrate, film or plate 2 having opposite sides, optical deformities 7 on at least one of said sides, a plurality of reflective surfaces 31 on or in said substrate each having a reflective layer or covering for reflecting light striking one of said sides, and a plurality of light transmissive surfaces 7 on or in said substrate for transmitting light striking one of said sides. Regarding claim 4, the limitation of “ultra-violet” curable film is product by process claim and given no patentable weight.

Allowable Subject Matter

2. Claim 7 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

3. Applicant's arguments with respect to claims 1-6, 13-16, 20-32, 81-85, 90-94, 100-123 and 146-151 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
